Buzzing by to say hi Greeting Card

23rd June 2019

Hello all and welcome back to my post for the Couture Creations Design Team. This time we will make this easy Buzzing by to say Hi greeting card.

For instructions on how to make up this Card, please can you watch my video here:
<https://youtu.be/TzMwZBqvBZM>

I made this greeting Card using the Couture Creations Butterfly Garden paper collection, the Butterfly Garden Ephemera collection and mini Bees stamps, Couture Creations mini guillotine and Couture Creations go cut and emboss machine.

For this project you will need: plain white card for a folded white card measuring 21cmx10.5cm, score at 10.5 and fold in half. Cut plain brown card to 15cmx10cm for the matt, cut the 12B pattern card to 14.5cmx9.5cm, cut a thin strip from the 12B paper to 14cmx3.5cm, a second thin strip 14.5cmx2cm with the mini postcards, the mini flower from ephemera collection, 15cmx1cm soft thin cream gauze folded into a bow. Multiple mini Bee die cuts using different coloured card, Bee comb die, sisal, the mini Bees clear stamps and a sentiment stamp. As well as the Couture Creations Foam strips and foam dots for the raised mounting and a mini postcard from the ephemera collection.

Using the 12B pattern paper, stamp the sentiment just off the top left of the pattern paper. Using the mini Bees stamp, stamp the Bees just underneath the sentiment.

Using your go cut and emboss machine, die cut the border edge using the 03B paper. Using the 03A page die cut the bee honey comb. Using left over paper from your stash die cut 6 mini Bees in different colours. Trim and fold the white card in half, stick the brown matt card onto the card front. Using the pattern card, stick onto the brown card. Using the border die cut earlier, line up with the bottom of the pattern paper and stick down. Using the postcard strip, flip over and using the foam strips secure to the back of the card and stick down cover the top of the border strip. Using the honey comb die cut, stick on right hand side of card overlapping the post card strip.

Using the mini flower bouget, flip over and secure the foam dots and stick onto the front of the card slightly overlapping the post card strip on the right hand side of the card. Using strong glue, stick the sisal just to the left of the flower stem. Fold your bow and stick on top of the sisal.

Using the multiple Bees dies cuts, stick them top of the sisal and bow layered on top of each other. Stick the little mini post card just peeping out from the top of the bow. To finish off the card, add mini copper diamante.

Congratulations, herewith your finished your Buzzing by to say hi greeting card.
